

Medmark are seeking specialist occupational health physicians.

As the largest provider of occupational health in Ireland, Medmark is uniquely positioned to create opportunities to gain experience in a wide variety of industries; to develop areas of special interest; and/or to progress to a clinical lead role with additional responsibilities and remuneration.

Key Duties:

- Perform a leadership role within your practice
- Provide best in class care and service to our clients
- Provide mentorship and key decision making
- Be an agent of positive change
- Take national responsibility in key initiatives

Benefits Include:

- Competitive salaries (*including payment of medical defence insurance and professional fees*).
- No weekend or on-call work.
- Flexibility of working hours.
- Matched contributory pension scheme.
- Regular protected time for case discussion with Senior physicians.
- Regular protected time for mentoring of Junior colleagues.

With a long-standing history in developing talented doctors, Medmark will support your CPD with:

- Monthly clinical meetings with entire physician team.
- Funding and paid leave to attend faculty study days, conferences, and lectures.
- Funding for approved educational courses.

Medmark is committed to equality, diversity, and inclusion. Our workforce of over 100 people, reflects a modern and progressive Ireland, in welcoming people from a wide range of backgrounds.

Similarly, we are committed to providing reasonable accommodations to any applicants who may need additional supports, during their application to, or career with us. Please feel confident to raise these needs with our HR team.

To apply please contact hr@medmark.ie and we will reach out to you.
Please note that IMC registration is mandatory requirement for these roles.
